## 2011 Thomas MyBus DRW, Chevrolet 3500 20 Passenger School Activity Bus

### Safe

Safe transportation is our business, so you can rest assured with a MyBus by Thomas Built. It may be small, but it's packed with the safety features and rugged engineering standard on all our school buses. Unlike most passenger vans, MyBus is an MFSAB vehicle and meets the same Federal Motor Vehicle Safety Standards (FMVSS) as school buses, but is not required to have stop arms or traffic control. A number of safety features are built right into MyBus:

- Steel cage body with one-piece, 14-gauge steel bow frames to provide greater strength in case of rollover
- 16-gauge aluminum side panels
- Double-profile, 12-gauge steel bumpers with a wraparound design to provide protection from side angles
- Emergency door and wide center aisle provides easy exit in emergencies
- Internal roof crash rails run the length of the bus for added structural strength
- Welded construction in key structural areas improves body integrity
- Comfortable, adjustable driver's seat and easy-to-read instrument panels
- Full-height, outward opening entrance door with padded door header

### Simple

At Thomas Built we understand that buses are not your business. That's why we have highly trained dealers with the expertise you need to make your bus purchase simple and hassle-free. Our dealers are here to provide the tools you need to make an affordable and educated decision on safely transporting your passengers. MyBus was built with your needs in mind and meets all MFSAB standards, so you can feel confident purchasing from Thomas Built. After all, Thomas Built has been helping customers with their transportation needs since 1936.

### Reliable

When you purchase a MyBus from Thomas Built, you're getting a bus that's durable, reliable and, when the time comes, easy to repair. You're also becoming a member of the Thomas family. And, as a member of our family, we'll look out for you. We know that our success is driven by your success, and we've built a service and support organization designed to make you shine.
